Note 1 :

Benchmark (Hedging) of each fund refers the benchmark of that fund that calculated in the currency of each index in a portion of hedging ratio and calculated in THB term in a portion of non-hedging ratio. The proportion of this benchmark calculation started from the day that TISCO Asset Management used derivatives for the exchange rate hedging purpose or the day that TISCO Asset Management changed hedging ratio of such fund.

TISCO Asset Management prepares the Benchmark (Hedging) to measure the fund performance to be more clearly.

Note 2 :

(1) This mutual fund performance report is made in compliance with the Association of Investment Management Companies (AIMC) Performance Measurement Standard.

(2) The mutual fund performance is the performance after deducting management fee, custodian fee or other expenses.

(3) The mutual fund's past performance does not necessarily guarantee its future performance.
