Remarks : 1) T means fund transaction date.
2) In case of the NAV calculation delay or the settlement cycle delay of foreign funds , unitholders may receive the redemption proceeds later than specified in the table above.
3) The settlement date on the table above is the current payment date that the management company pays the redemption proceeds to unitholders.
However, the prospectus of funds specifies that the management company will pay the redemption proceeds within 5 business days after the NAV calculation date.
